QUARTERLY REVIEW

Vol. 7, No. 4

Service to the State of Utah

November 1973

We regret that because of the resignation of Ann Fadel, Editor, and the burden of overwhelming pressures, UGMS has been unable to issue Volume 7, Number 4 of the *Quarterly Review*, which usually appears in mid-November.

We expect that Volume 8, Number 1 will appear on schedule in February 1974 under the direction of our newly appointed Editor, Gloria Kerns.

With best wishes for the holiday season.

*The Utah Geological and Mineral Survey
and all the staff*
